

INDUSTRIAL CLEANING SERVICES

EFFECTIVE CLEANING IS EASIER THAN YOU THINK

We are an industrial services company, specializing in the cleaning and maintaining of heavy equipment, machinery and facilities. By using the most efficient, effective and innovative solutions on the market today, we are able to help prevent unscheduled shutdowns potentially saving hundreds of thousands of dollars for our customers every year.

At Emory Industrial, we have over 200 full-time, highly trained employees. Our team of safety-minded, industry specific experts serve customers in an array of sectors, including **oil and gas, power generation, renewables, commercial agriculture, food and beverage manufacturing and industrial manufacturing.**
